Midreshet B'erot Bat Ayin opens the world of Torah to young women from all walks of life that are looking for a holistic perspective on Judaism, within the parameters of halacha. Our program offers a cutting-edge blend of intensive textual Torah study brought to life through creative spiritual expression and connection to the Land through sustainable living such as composting, planting, and herbal studies.

At Midreshet B'erot Bat Ayin, artistic students are encouraged to develop their creativity, and express Torah teachings in various forms of art. Students, who are environmentally sensitive, learn how the Torah shares their concern for the Earth, and for living wholesome lives in harmony with nature.
